

A SEASON OF CULTURE, CELEBRATION, AND CHAMPION SPIRIT

Term 2 has been a vibrant journey of cultural exploration, student leadership, and spirited celebration. Our Greenridge Champions continued to grow as Confident Learners, Compassionate Leaders, and Ethical Innovators through a wide range of enriching experiences.

We began with the **Model United Nations** (27–28 Mar), where students stepped into the roles of global delegates, engaging in thoughtful debate and collaborative problem-solving on international issues.

April was a month rich in cultural celebration, artistic expression, and spirited competition. We began by commemorating **International Friendship Day** (7 April), where students reflected on the importance of global awareness, respect, and cross-cultural understanding through engaging activities and meaningful conversations.

The school community then came together to celebrate **Hari Raya Puasa** (14 April), embracing the spirit of unity and cultural appreciation in a festive and inclusive atmosphere.

Throughout the month, students showcased their talents in the **Singapore Youth Festival (SYF)** through captivating performances in **Concert Band, Dance, and Drama**, demonstrating their creativity, discipline, and passion for the arts.

Adding to the excitement, **Ignite: Battle of the Champions** returned with high energy, as students competed with enthusiasm and teamwork, igniting house spirit and camaraderie across levels.

Our students also demonstrated physical resilience during the **NAPFA** assessments, with Secondary 4 and 5 students taking on the challenge on 17 April, followed by the Secondary 2s on 24 April.

To round off the month of April, Geography students conducted a **Geographical Investigation at Kampong Glam** (25 April), applying fieldwork techniques to explore the area's rich urban and cultural landscape.

Kicking off May was **Mother Tongue Fortnight** (7 & 14 May), where our Secondary 3 students brought language learning to life through immersive visits to the **Peranakan Museum**, **Indian Heritage Centre**, and **Kampung Buangkok**. These enriching experiences deepened their appreciation of Singapore's rich multicultural tapestry and the living heritage behind each language.

The school buzzed with excitement during the **Sports Carnival** (9 May), where students competed in friendly games, cheered for their houses, and celebrated the joy of movement.

On 26 May, we honoured our student leaders at the **Student Leaders Investiture**, welcoming a new generation of Champions ready to lead with heart and purpose.

The **Learning to Champion a Cause (LCC) Showcase** (29 May) highlighted student-led initiatives that addressed real-world issues, reflecting their commitment to service and innovation.

To end off Term 2, selected student leaders participated in the **Student Council Training Camp** (2–3 June), where they built strong bonds, sharpened leadership skills, and envisioned their impact on the school community.
