

# Visit from Dayi Middle School, PRC

## 9th and 10th July

*Group Photo of students and staffs from Dayi Middle School and Greenridge Secondary School*

On 9<sup>th</sup> and 10<sup>th</sup> July, students and teachers from Dayi Middle School, People Republic of China, visited Greenridge Secondary School as part of the school partnership programme. A total of 40 students and 4 staffs, led by Principal Yang, went through a series of programmes, focusing on the exchange of culture and ideas.

Upon arrival, the visitors were brought on a school tour, in which they had the opportunity to interact with student leaders and staffs in GSS. They then had the opportunity to go through two different special programmes: a Food and Nutrition (F&N) class as well as a Malay cultural workshop. Among the activities they participated in include making of Ondeh Ondeh, a traditional Malay delicacy, playing traditional Malay games, and wearing of different ethnic costumes. To round off the events on the first day, the visitors participated in a Beach Cleaning Activity at East Coast Park, together with student leaders from GSS.

On the second day, the visitors were brought to the classrooms to experience first-hand how lessons are conducted in Singapore where they sat through Art and English lessons with their respective buddies. A teacher from Dayi Middle School also had the opportunity to teach a Chinese Language lesson to a class of Sec 2 students. The last programme for the day was a Design and Technology (D&T) class where the students made a pencil holder which they can bring home as souvenirs from our school.

It was definitely an eye-opening experience for the visitors as well as the staffs and student leaders from GSS who help to host the event.
